

## CHEESE BALL (JEANETTE EGGERS)

8 oz Velveeta Cheese, 3oz Cream Cheese, 8oz Soft Cheddar (comes in a round container Cracker Barrel)  
1 tablespoon Worcestershire sauce, 2 cloves garlic (pressed)

Soften cheeses and mix all the above thoroughly. If you use a food processor, you do not need to soften the cheese. Shape into a ball and return to refrigerator to harden. Before serving, mix about 3 tablespoons of chilli powder and paprika on a piece of wax paper.

Flatten ball and coat with the mixture of chilli powder and paprika. May be prepared the night before.
